

Program Details

Our junior tennis program focuses on individualized instruction, strong fundamentals, and player development. Each student is evaluated and placed in a group based on their age and skill level. Players develop proper technique, movement, consistency, and court awareness while building confidence and enjoying the game. Weekly supervised practice sessions give players the opportunity to reinforce their skills in a fun, supportive environment. Our goal is simple: develop confident, well-rounded players who love the game of tennis.

Bio

Shibu (Bo) has been teaching adults and juniors in the Marin County area for many years and is a very accomplished player as well. He is #1 in NORCal men's open singles, and #7 nationally. He is the captain and player of the Bangladesh Davis Cup Team since 1992 and the coach and captain of the Fed Cup team.
